

Restroom Maintenance

Restroom Cleaning Procedures

RESTOCKING

1 Restock all paper products including paper towels, diapers & toilet tissue.

2 Refill all soap dispensers and air fresheners.

3 Empty trash receptacles. Replace plastic liners.

CLEANING

1 When cleaning a restroom, always work from the top down, ending your work with the floor.

2 Clean mirrors, glass, windows and chrome surfaces with Glass Cleaner.

3 Spray and wipe sinks and counters with Restroom Cleaner Solution or Disinfectant Detergent.

4 Clean toilet bowls and inside of urinals with Non-Acid Bowl Cleaner.

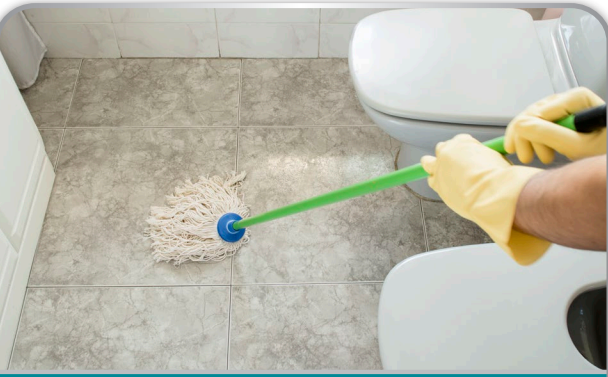

5 Spray and wipe all areas around toilets and urinals with Disinfectant Detergent including seats, handles and porcelain.

6 Spot clean dirty walls, partitions and pieces of equipment (dryers, dispensers, door handles, etc.) with Disinfectant Detergent.

7 Sweep the floor to remove large soil accumulations.

8 Wet mop the entire floor with a solution of Disinfectant Detergent solution.

9 Rinse mops, buckets and wringers. Store supplies and equipment.
