

Sports Floor Care

DAILY MAINTENANCE

1 matting

Overloaded mats cannot trap soil and prevent it from entering the building. Be sure to vacuum mats daily at all entrances.

2 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

3 wet mop

Damp mop spills as they occur using a 2 oz./gal. dilution of Sport Clean (1143SF). Avoid saturating the floor with cleaner solution.

4 dust mop

Dust mop the floor twice daily. Keeping grit off the floor will greatly extend the finish life and appearance.

WEEKLY MAINTENANCE

1 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

2 dust mop

Dust mop the floor.

3 auto scrub

Auto scrub weekly using a 2 oz./gal. dilution of Sport Clean (1143SF) and red pads. For facilities not equipped with an auto scrubber, damp mop weekly using a 2 oz./gal. dilution of Sport Clean (1143SF). During severe weather months, more frequent cleaning may be necessary. Be sure to avoid saturating the floor with cleaner solution.

damp mop

RESTORATION PROCEDURES

1 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

2 dust mop

Dust mop the floor.

3 auto scrub

Auto scrub using Sport Prep (425SF) diluted 6 oz./5 gal. of water and red pads. Avoid saturating the floor with restorer solution.

4 burnish

Burnish the sports floor using a high speed machine and hogs hair pads. Always dust mop after burnishing.

SCRUB AND RECOAT

1 gum removal

Carefully remove gum, tape and labels with a putty knife. Angle the blade so you don't damage the finish.

2 dust mop

Dust mop the floor.

3 top scrub

Apply Sport Prep (425SF) diluted 6 oz./5 gal. of water in 200 ft² sections. Top scrub with maroon wood prep pad. Floor should be uniformly clean and mark-free.

4 soil pick-up

Pick up soiled solution and continue with 200 ft² sections until entire floor is deep cleaned.

5 rinse floor

Rinse entire floor with 2 oz./gal. dilution of Sport Clean (1143SF) and maroon pads. Damp mop the edges of the floor that are unreachable with the auto scrubber. Let dry.

6 apply finish

Recoat with Sport Kote PC (128SF).
